

**RAYON ENERGY
PRIVATE LIMITED**

LEADING MANUFACTURER OF

- Transformer Oil Filtration Machine
- Hydraulic / Lube Oil Filtration Machine
- Turbine Oil Filtration Machine
- Quenching Oil Filtration Machine
- Other Industrial Oil Purifier
- MS Oil Storage Tank
- MS Gas / Chemical Storage Tank

About us

We, "Rayon Energy Pvt Ltd," established in 2013 as a manufacturer of transformers and other industrial oil filter machines. Our designs meet the standards of IS 6032, and our focus is on delivering quality and long-lasting products for our customers.

We also fabricate MS/SS storage tanks for Oil, Gas and Chemicals which meet the standard of API/ASME & IS. We have a team of designers to provide actual views and dimensions to our customers before delivering the products.

We are committed to maintain our inventories to deliver our products on stipulated timeline. We have a vast experience of supplying our machines and tanks to the following industries:

- Thermal Power Plants.
- Solar Power Plants.
- Hydro Power Plants.
- Oil & Gas
- Cement Plants.
- Mining.
- Steel Plants.
- Substations.
- Transformer Manufacturers.
- Railways.
- other Various industries.

Apart from all the reputed companies in India, we have also been supplying our machines in Nepal, Bhutan, Bangladesh, Afghanistan, UAE Countries and African Countries and getting repeat orders on regular basis."

Transformer Oil Filtration Machine

Portable Machine

Skid Mounted

Trolley Mounted

Vehicle Mounted

Single Stage Transformer Oil Filtration Machine

Brand	Rayon
Country of Origin	India
Capacity	300 - 6000 LPH
BDV	70-80 kv
Moisture Level	≤ 5 BPM
Partical Size	1 Micron

Model Available:-

- RFE 300 LPH-S
 - RFE 600 LPH-S
 - RFE 1200 LPH-S
- RFE 1800 LPH-S
 - RFE 2400 LPH-S
 - RFE 3000 LPH-S
- RFE 4500 LPH-S
 - RFE 6000 LPH-S

Double Stage Transformer Oil Filtration Machine

Brand	Rayon
Country of Origin	India
Capacity	2400-12000 LPH
BDV	70-80 KV
Moisture Level	≤ 3 PPM
Partical Size	0.5 Micron

Model Available :-

- REF 2400 LPH-D
- RFE 3000 LPH-D
- RFE 4500 LPH-D
- RFE 6000 LPH-D
- RFE 10000 LPH-D
- RFE 12000 LPH-D

Centrifuge Oil Filtration Machine

Capacity	1000 LPH - 10000 LPH
Brand	Rayon filtration
Country of Origin	India
Usage/Application	Quenching, Cutting, Wire Drawing, Fastener, Grinding process Industry etc

Model Available:-

- RFE 1200 LPH-CF
- RFE 3000 LPH-CF
- RFE 4500 LPH-CF

Hydraulic Oil Filtration Machine

Capacity	1200 LPH - 3000 LPH
Brand	Rayon Filtration
Country of Origin	India
Filtration Level	Upto 1 Micron NAS level 5
Impurity Separation	Solid Particles, Sludge, Oxidation, Varnish, Dust and oxidation
Usage/Application	Hydraulic, Gear, Lube oil etc

Model Available:-

- RFE 1200 LPH-HD
- RFE 1800 LPH-HD
- RFE 3000 LPH-HD

Oil Storage Tanks

MS Storage Tank

Capacity	up to 2 lac. liters
Tank Material	MS
Shape	Horizontal/Vertical
Standard	API 620, API 650, ASMB, IS
Country of Origin	India

SS Storage Tank

Capacity	up to 50000 liters
Tank Material	SS 304
Shape	Horizontal/Vertical
Standard	API 620, API 650, ASMB, IS
Country of Origin	India

Oil BDV Test Kit

OIL BDV 60KV

Voltage Range	0-60KV
Input Voltage	230V, I-Phase
Display	Analog/ Digital
Accuracy	±2%
Rate of Rise	2KV/Seconds
Operation	Motorized

OIL BDV 100 KV

Voltage Range	0-100KV
Input Voltage	230V, I-Phase
Display	Analog/Digital
Accuracy	±2%
Rate of Rise	2KV/Seconds
Operation	Motorized
